

Health Care Directive

Introduction

I have created this document with much thought to give my treatment choices and personal preferences if I cannot communicate my wishes or make my own health care decisions. I have also appointed a health care agent to speak for me. My agent is able to make medical decisions for me, including the decision to decline treatments that I do not want. Any document created before this is no longer legal or valid.

My name: _____

My date of birth: _____

My address: _____

My telephone number: _____

My cell: _____

Part 1: My Health Care Agent

If I am unable to communicate my wishes and health care decisions due to illness or injury, or if my health care providers have determined that I am not able to make my own health care decisions, I choose the following person(s) to represent my wishes and make my health care decisions*. My health care agent must follow my health care instructions in this document and any other instructions given to my agent and must make decisions that are in my best interest.

Name: _____ Date: _____

My primary (main) health care agent is:

Name: _____

Relationship: _____

Telephone numbers:

(H) _____

(Cell) _____

(W) _____

Address: _____

** I understand that my agent cannot be a health care provider or employee of a health care provider giving direct care to me unless I am related to that person by blood or marriage, registered domestic partnership, or adoption, or provide a clear reason why I want that person to serve as my agent. If my agent is a health care provider or an employee of a health care provider, my reason for choosing him or her is:* _____

If I cancel my primary agent's authority or if my primary agent is not willing, able, or reasonably available to make a health care decision for me, I name as my alternate agent:

Alternate health care agent:

Name: _____

Relationship: _____

Telephone numbers:

(H) _____

(Cell) _____

(W) _____

Address: _____

Name: _____ Date: _____

Powers of my health care agent

My health care agent automatically has all the following powers when I am unable to speak for myself:

- A. Make choices for me about my medical care. This includes taking out or not putting in tube feedings, tests, medicine, surgery and decisions of treatments if I am pregnant and all types of mental health treatment, including intrusive mental health treatments or medications. If treatment has already begun, my agent can continue it or stop it based on my instructions.
- B. Interpret any instruction I have given in this form according to his or her understanding of my wishes, values and beliefs.
- C. Review and release my medical records and personal files as needed for my medical care.
- D. Arrange for my medical care and treatment in Minnesota or any other state or location he or she thinks is appropriate.
- E. Decide which health providers and organizations provide my medical treatment.

Comments or restrictions on the above (e.g., persons you would or would not want to be involved in making decisions on your behalf or limitations on the above powers for your agent): _____

Additional powers of my health care agent: *(If I want my agent to have any of the following powers, I will check the box in front of each statement below)*

- Arrange for and make decisions about the care of my body after death.
- Continue as my health care agent even if a dissolution, annulment or termination of our marriage or domestic partnership is in process or has been completed.
- When I so delegate, make health care decisions for me even if I am able to decide or speak for myself.

Name: _____ Date: _____

Part 2: My Health Care Instructions

My choices and preferences for my health care are as follows. I ask my agent to represent them, and my doctors (and/or health care team) to honor them, should I become unable to communicate or make my own choices. *I have checked the box below for the option I prefer for each circumstance.*

Note: You do not need to provide written instructions about treatments to extend your life, but it is helpful to do so. If you choose not to, your health care agent will make decisions based on your spoken directions or on what is considered to be in your best interest if your wishes are unknown.

1. Treatments to prolong my life:

If I reach a point where I can no longer make decisions for myself and it is reasonably certain that I will not recover my ability to know who I am:

- I want to **stop or withhold all treatments** that are prolonging my life. This includes but is not limited to tube feedings, IV (intravenous) fluids, respirator/ventilator (breathing machine), cardiopulmonary resuscitation (CPR), and antibiotics.

or

- I *do* want all appropriate treatments recommended by my doctor, until my doctor and agent agree that such treatments are harmful or no longer helpful.

Comments or directions to health care providers: _____

With either choice, I understand I will continue to receive pain and comfort medicines, as well as food and fluids by mouth if I am able to swallow.

Name: _____ Date: _____

2. Cardiopulmonary resuscitation. CPR is a treatment used to attempt to restore heart rhythm and breathing when they have stopped. It may include chest compressions (forceful pushing on the chest to make the heart contract), medicines, electrical shocks, and a breathing tube. I understand that CPR can save a life. I also understand that it does not work as well for people who have chronic (long-term) diseases and/or impaired functioning. I understand that recovery from CPR can be painful and difficult. Therefore:

I do not want CPR attempted if my heart or breathing stops, but rather, want to permit a natural death.

or

I want CPR attempted unless my doctor determines any of the following:

- I have an incurable illness or injury and am dying; or
- I have no reasonable chance of survival if my heart or breathing stops, or
- I have little chance of long-term survival if my heart or breathing stops and the process of resuscitation would cause significant suffering

or

I want CPR attempted if my heart or breathing stops.

3. Treatment Preferences.

I have attached treatment preferences for my specific health condition(s). These statements describe my treatment choices. With any treatment choice, I understand I will continue to receive pain and comfort medicines, as well as foods and fluids by mouth if I am able to swallow.

2. My beliefs about when life would be no longer worth living:

3. My choices about specific medical treatments, if any (this could include your wishes regarding ventilators, dialysis, antibiotics, tube feedings etc.):

4. My thoughts and feelings about how and where I would like to die:

Name: _____ *Date:* _____

5. If I am nearing my death, I want my loved ones to know that I would appreciate the following for comfort and support (rituals, prayers, music, etc.):

6. Religious affiliation

I am of the _____ faith, and am a member of _____ faith community in (city) _____. Please attempt to notify them of my death and arrange for them to provide my funeral/memorial/burial. I would like to include in my funeral, if possible, the following (people, music, rituals, etc.):

7. Organ donation (leave blank if you have no preference).

- I do want to donate my eyes, tissues and/or organs, if able. My specific wishes (if any) are:

- Give your health care agent a copy of your health care directive.
- Talk to the rest of your family and close friends who might be involved if you have a serious illness or injury. Make sure they know who your health care agent is, and what your wishes are.
