

sent to serve

As we explore new and familiar places, may God give us eyes to discover awesome beauty *and* notice where there is need. Here are some simple ideas on how you and your family can serve your neighbors, care for creation, and share God's love with others while on vacation:

- Hold the door open for others while at a restaurant or gas station.
- Pay for another person's meal at your next food stop.
- Fill a gallon Ziploc bag up with healthy snacks and give it to someone you see in need during your travels.
- Pick up garbage at a rest stop or park where you stop.
- Clean someone's windshield during your next gas stations stop (be sure to ask first).
- Do a random act of kindness for another family member.
- If you see an ambulance or a car accident, pray for the people involved.
- See someone sitting alone during a meal? Ask if they would like some company and join them as a family and start a conversation with them.

These are just a few ideas to get you started. What other ideas do members of your family have?
