

# Joyful Noise: April Tiny-Try-Out

Spring is a season in which we give thanks for new life and Jesus' resurrection. God has given us so many things to be grateful for and to sing and make music to celebrate. This month, we encourage you to color an instrument and write something or someone you are grateful for inside. Also, check the back page for instructions on how you make your own toy trumpet using items you can find around your home. Finally you can sing and dance along to a fun praise song online.

## Make your own toy trumpet

You can find all the stuff for this trumpet in your kitchen:

### Materials

Construction Paper | 2 Liter Soda Pop Bottle | Paper Towel Roll | Kitchen Knife | Masking Tape

### Step One

Carefully cut the spout off of a two liter soda bottle. You will want the cut part of the bottle to be a little larger than the width of the paper towel tube. The bottle spout will be your trumpet mouthpiece.

### Step Two

Tape the spout to the paper towel tube.

### Step Three

Roll your construction paper into the shape of a funnel. The small part of the funnel should slide around the end opposite of the mouthpiece. When you have it shaped just right, tape it in place.

### How to Play Your Trumpet

Press your lips together and place the mouthpiece over your lips. Then start buzzing your lips. When you get your buzz just right a sound will come out of your trumpet.

---

### “Psalm 150 (Trumpet Sound)”

Follow the QR Code to sing and dance along to a video of the song, “Psalm 150 (Trumpet Sound).”
